

LANGLEY HIGH SCHOOL

SERVICE LEARNING APPLICATION

If you wish to be considered for the service learning cord, please complete the attached hour logs and reflection pieces for each year that you have been in high school. The service learning cord requires a total of 40 service learning hours. Each student that applies for the cord must have a minimum of 10 hours per grade level.

The service learning hour logs must be signed by your site supervisor each year. Beneath the log you will take some time to reflect on your service and what you have learned from your experience.

Once your hours have been documented and you have completed your reflection for each grade level, please see your counselor for a signature on the final page of the application. The verification form will be signed by your counselor and then the application packet will be forwarded to the Director of Student Services for review.

A black service learning cord will be presented to all students meeting the criteria at graduation rehearsals.

See your counselor if you have any questions.

Consider the following as you complete your personal reflections.

- How did your service impact the community that you were helping?
- Was there a community need that was addressed?
- What did your experience teach you about being a member of a community?
- Is there something you would do differently during your next service learning project?
